

**Last Name:** \_\_\_\_\_ **Project Title** \_\_\_\_\_

<b>ITR Project Organization</b>			
	Your Experience	Ideas for Improvement	Potential Barriers
How did PIs and Co-PIs organize their ITR projects? How did they coordinate across departments or institutions?			
How did projects achieve, manifest, and sustain synthesis and integration of knowledge across disciplines?			
Can we identify some “best practices” for multidisciplinary research? (What tools, approaches, or types of personnel fostered coordination of joint work?)			

\*\* If you have another project to make notes on, please ask one of the organizers for another worksheet. \*\*\* Please give examples \*\*\*
